To whom it may concern

MOTOR VEHICLE REGISTRATION NUMBER: E32G

I have owned a vehicle, a Volvo carrying the vehicle registration number E32G which I bid for in 1972. I never sold or authorized any other person, including relatives or the Flying Eagle Hap Ki Do Association of Singapore to sell the vehicle so do not understand how my car could be sold without my authorisation. I have many witnesses (more than a thousand people) that I am the legal owner of this vehicle.

I have contacted the Land Transport Authority regarding this matter many times; however they have not been of any help. I have also made a report to the Police on 9 July 2009 (report no. J/20090709/2228) but did not receive a response from them.

I hope that you can assist me in this matter. Thank you.

Yours sincerely
